

2022

November is Family Engagement Month

FAMILIES, We Are Celebrating YOU!

Family Engagement Month is an opportunity to highlight and remind ourselves of the important role families play in the education and well-being of their children throughout the year. The research is clear, when Families are engaged in their child's education not only does student achievement and behavior improve but the morale and effectiveness of teachers and administrators also improve.

Below are activities that will be happening in the month of November. Visit the ECAC Family Engagement Month webpage at: <https://www.ecac-parentcenter.org/family-engagement-month-2022/> for more information.
